

Hello,

First, let me first introduce myself. I am an Information Technology professional with profound experience in strategic planning, solutioning and delivery of cloud-based IT services and solutions for Data intelligence, AI & ML, Analytics, Cognitive Automation, and IT workspace modernization. In my technology career spanning 19+ years, I have developed, managed, mobilized, and successively implemented multiple [projects](#) (C# ASP.Net, Infrastructure Management, EAI/B2B...) and [tools](#) (ServiceNow, BMC...) across changing environments (Microsoft Azure Stack, DevOps, Containers, UNIX, Windows, message-oriented middleware...) through knowledge, innovation and forecast. I am looking forward to using my academic knowledge, blended with team management and leadership skills, [technical](#) acumen and vision, and customer relationship management, acquired over these years, thereby contributing constructively to the professional environment of my employer. *[The recommendations](#) from my peers & leadership across multiple organizations are available on my LinkedIn profile. They can be approached for any references in the future.*

My most notable awards were the following:

1. **Winner** of the NTT Data Delivery Excellence Awards 2020 under "Innovation", as 1 of 39 winners among 20000 associates.
2. 2019 India Delivery Excellence Award (IDEA) Nominee
3. AON Hewitt Annual Awardee in the India Technology Group Summit & recipient of Gold Innovation Award for creating the in-house tool – RTM.

As for my [qualifications](#), I have completed my Master's in Business Administration (MBA) and B. Tech in Computer Engineering. I possess excellent communication skills with a CLB 9 in IELTS and a moderate working knowledge of French.

Please let me know if you'd be open to a conversation to discuss this position. I'm happy to provide you with any additional information you might need. I look forward to hearing from you.

Sincerely,

(Sachin Tewari)
